Rescue YOU.

1. How do you know an adopter is the right fit?
2. What's the best way to handle big adoption events?
3. How do you handle costs when foster animals get sick?
4. Are there other rescuers in your area you can network with?
5. What are some creative fundraising ideas that don't take a huge number of people to organize?
6. How do you deduct your rescue expenses from your taxable income?
7. What information should you ask for on an adoption application?

You've got questions. We've got answers—resources, forms, sample documents, articles, webinars, training opportunities, along with other rescuers from around the country for you to talk to. They've been through what you're going through—and they may have questions *you* can help with, too!

Whether you're trying to increase adoptions, expand your foster and volunteer network, create a foundation for fundraising, engage your community, or build more effective relationships with shelters, we have resources that can help.

Rescue Central is the first nationwide information-sharing and networking site for those involved in animal rescue, helping you work smarter and save more lives.

Need a hand, or willing to offer one?
